

SMOKING BY STUDENTS

The Board, recognizing health and safety hazards associated with smoking, prohibits smoking in the schools or on the school grounds during the school day and at any school function.

The superintendent will implement this policy with appropriate regulations, spelling out disciplinary action for students violating established policy.

It is hope that all concerned will refrain from smoking by their own volition and for their own benefit.

It is unlawful for a minor to purchase, possess, receive or consume tobacco products.

Adopted 3-8-93  
Revised 12-13-10
