

### Communication Services Regulation

In lieu of using a District provided cellular phone, supervisory and administrative employees may request a personal cellular phone stipend in the amount of \$40.00 per month. School administrative personnel approved by the superintendent may also request an internet data line stipend in the amount of \$60.00 per month. These stipends are taxable fringe benefits and will be accounted for within the payroll system.

Administrators may also request reimbursement of up to \$350.00 every two years to purchase cellular phones that have the internet data line capabilities.

Adopted 6/2008
